

# Welcome to **HORIZON** pediatrics

As a dedicated practice of medical professionals, we pride ourselves in our ability to offer exceptional pediatric health care. With locations throughout the greater Denver area, our pediatric care offices offer unparalleled and personal patient care, backed with the science of IMMUNOe's specialized research and medicine.

**Horizon Pediatrics** is founded on a simple yet profound concept; every child deserves the best start in life. Horizon Pediatrics is able to provide outstanding pediatric health care, the best developmental screening to ensure early intervention, and complete access to the leading pediatric specialists in the area. Recognizing that your child is the most precious and important person in your life, we take responsibility for caring for that life very seriously. Our decision to accept all forms of health insurance is not a financially driven decision, but a commitment driven by our mission.

*Every child in our care receives our best effort, every day, every time.*

## Asthma Care

*Starts with Early Diagnosis*
